

How to Use Forum

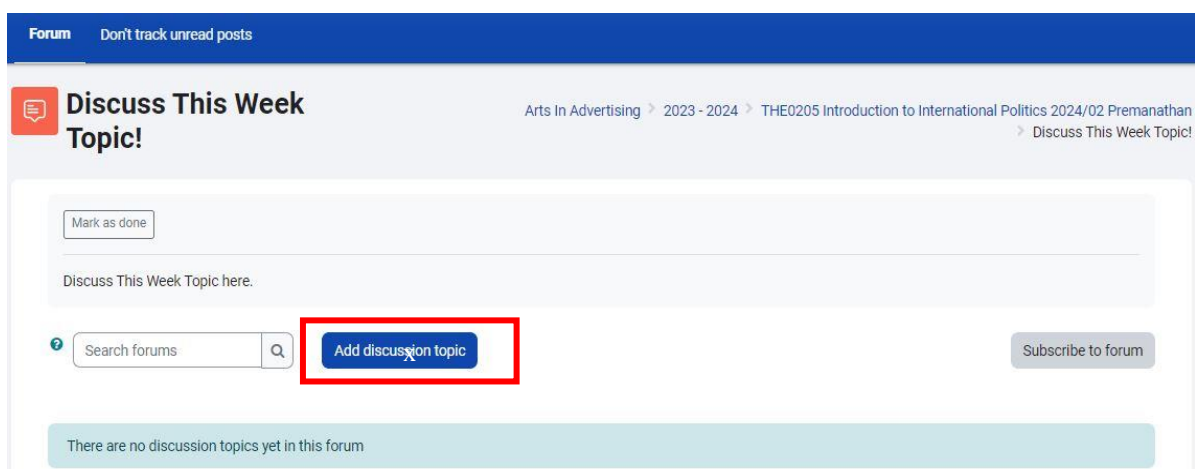

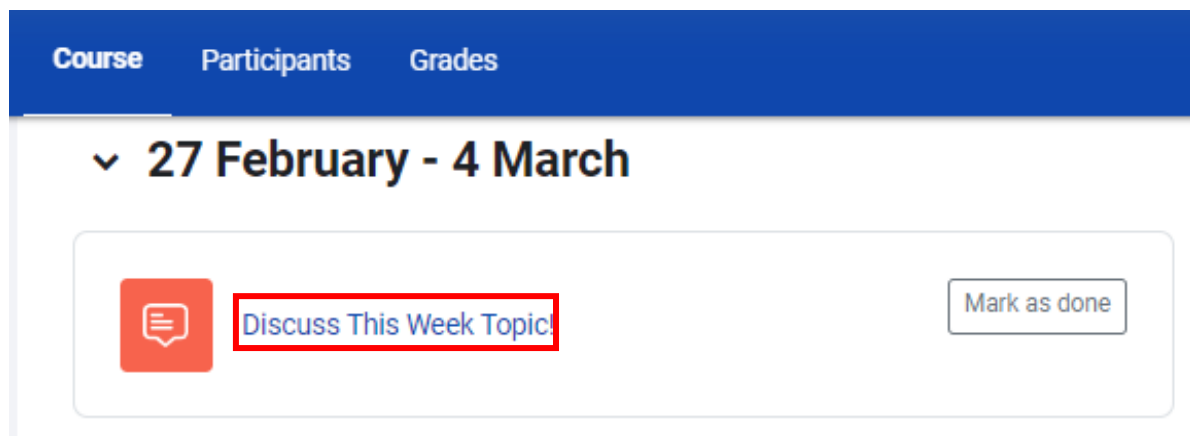

A forum is a way to have online discussions or share information between lecturer and student.

NOTE: Some forum types allow only the lecturer to start a new topic, and other forum types allow students to start new topics depending on forum setup by lecturer.

i. For Forum type can add a new discussion topic by student

Posting a new topic to a forum:

1. **Go to the course** that has the forum you wish to access.
2. Select the Forum that you wish to add a discussion to then scroll down to **Add a new discussion topic** at the bottom of the forum.

3. Enter all the details.

- Give the topic a name in the **Subject** field.
- Type your post in the **Message** section.
- Click the **Post to Forum**.
