3. Course Enrolment

As normal practise, student will perform Self Enrolment, once lecturer has setup the course and communicate with student on the course to enrol as well as the Enrolment key information. Refer guide on **How to Enrol for a Course**.

4. Finding your Courses

After you log in and enrolled to course, you will see all the Moodle courses you have access to are listed at **My Courses** page.

Your courses will be sorted automatically under: **In progress, Future, Past** and **Removed from view**, depending on the start and end date of your classes. Click on the course name to access the Moodle course's site.
