

How to check and download activity/resource logs

Lecturer can download activity/resource logs from their respective moodle course.

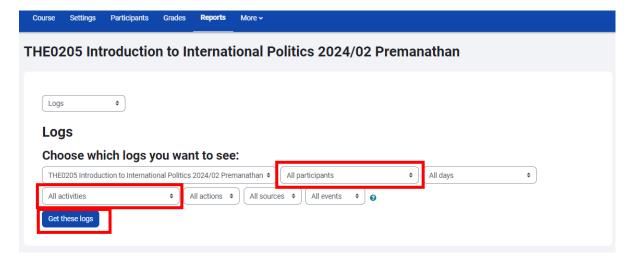

1. Click Reports.

2. Select Logs.

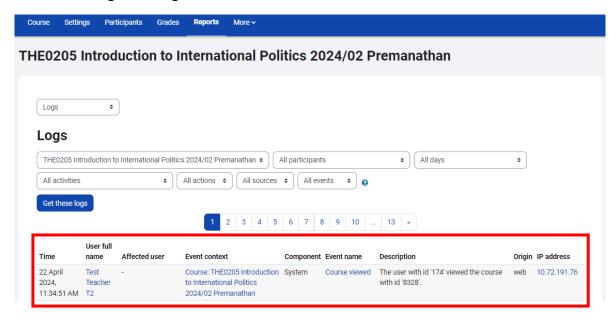

3. To find out **all participants** who has viewed an activity or resource, select the activity or resource which you want to view the log and click **Get these logs.**

4. View the Logs details generated.

5. Click **Download** to save file in (csv) format.
