How to enrol for course (Student Self Enrolment)

Lecturer will be sharing the full course name and enrolment key in classroom with students, through communication channel such as email, chat group and etc.

Alternatively, some lecturers may bulk enrolled student IDs into Moodle course. Student can just access directly to the Moodle course, once lecturer shared the course link.

For Student Self Enrolment

1. Click **Home** for overall courses available in XMUM.

2. Choose **Course categories.**

    Note: Consult your course lecturer for the exact course link, or path of the course and the enrolment key to enrol.

3. You may also enter a course name to search for the courses to enrol.
